Zoovet AQUAMINIVITS

VITAMIN/MINERAL SUPPLEMENT

For aquatic animals

Zoovet AQUAMINIVITS are vitamin/mineral tablets specially formulated to supplement the diet of small fish-eating animals, including penguins, otters, other aquatic birds and some reptile species. Each tablet contains Vitamins A, D3, B1, B12, C, pantothenic acid, choline, folic acid, inositol, iron, iodine and biotin.

Fed regularly as part of a properly formulated diet, **Zoovet AQUAMINIVITS** are intended to replace the vitamins lost during the storage and thawing of fish. This is essential for maintaining general health, disease resistance and to achieve breeding condition. Care in the use of supplements is needed to avoid direct toxicity or an imbalance of nutrients.

Dosage: Our recommendations for the dose of **Zoovet AQUAMINIVITS** are as follows:

Native sea birds	¼ –1 Zoovet AQUAMINIVIT daily
Penguins/ Pelicans	1-3 Zoovet AQUAMINIVIT daily (depending on bodyweight – consult your veterinarian)
Otters	1-2 Zoovet AQUAMINIVIT daily
Turtles	1 Zoovet AQUAMINIVIT per 4kg bodyweight per week
Small crocodilians	1 Zoovet AQUAMINIVIT per 4kg bodyweight per week
Sharks	1 Zoovet AQUAMINIVIT per 4kg bodyweight per week

Zoovet AQUAMINIVITS are manufactured to pharmaceutical standards on behalf of IZVG LLP and are available to purchase in tubs of 925 tablets.

Composition:

Microcrystalline Cellulose, Dibasic Calcium Phosphate Dihydrate, Magnesium Stearate, Silicone Dioxide.
