FEEDING GUIDE

- **LIQIVITS PLATINUM** is a complementary pet food for fish, suitable for enriching frozen foods and is designed to be used in rotation over a 6-week period
- Use LIQIVITS for 4 weeks, then **LIQIVITS PLATINUM** for 2 weeks, then repeat the cycle.
- Shake well before use
- Apply sparingly to frozen food to give even cover and to help with oxidation during thawing
- Once food has thawed sufficiently, strain and feed as normal
- Use at each feed

LIQIVITS PLATINUM is manufactured to pharmaceutical standards on behalf of the International Zoo Veterinary Group and is available from the address below in 100ml bottles.
